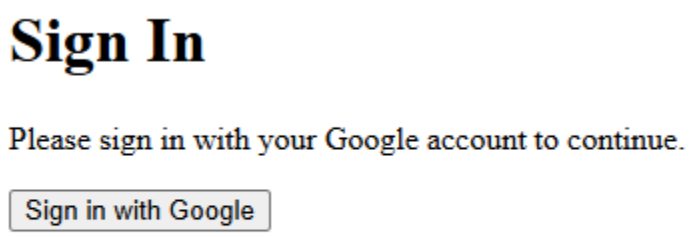
User Guide

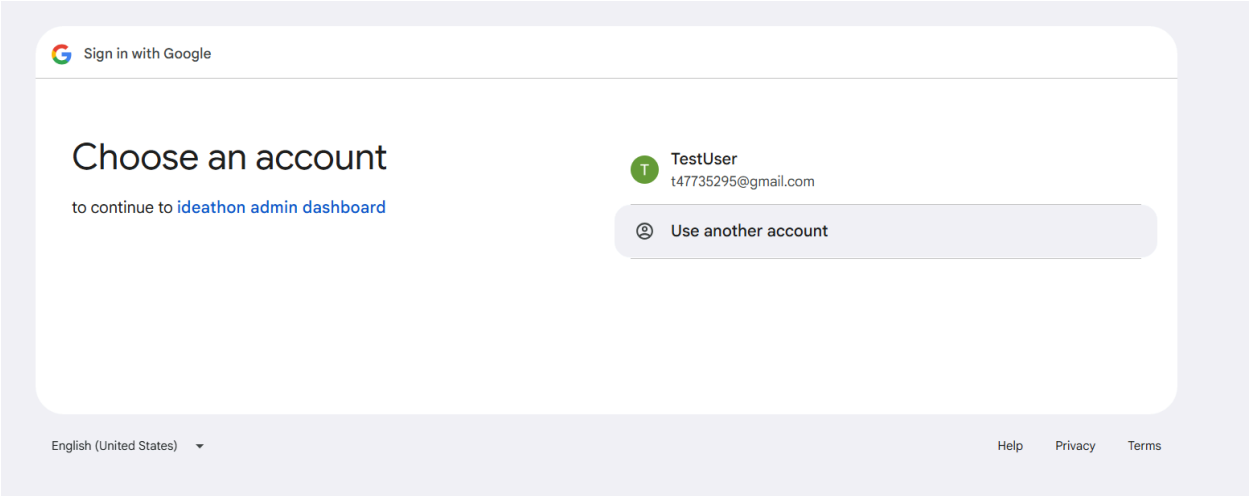
Overview

The Ideathon Administrator Dashboard is a centralized platform designed to help organizers of the ProductTAMU Ideathon efficiently manage current and future events. It provides easy-to-use tools for organizing sponsors, mentors, FAQs, and event rules, all in one place. The Dashboard also includes features such as activity logs and email notifications, allowing organizers to track changes and stay informed about updates made by the team.

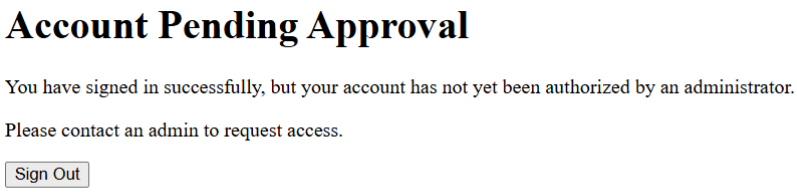
Getting Started

The Dashboard uses Google as the primary method of access. To gain access, visit the site at <enter url> and click the sign in button. You will then be prompted to sign in with your Google account.





Create an account



Account Pending Approval

You have signed in successfully, but your account has not yet been authorized by an administrator.

Please contact an admin to request access.

Sign Out

If you are new to the Dashboard, a notification will be sent to the administrators of the Dashboard of your attempted login. At this stage you will still be unauthorized and must wait on admin approval to begin work as an organizer.

Sign in

If you have already been granted access to the Dashboard by members of the administrator team, all you must do is click “Sign In” and proceed to sign in using your authorized Google account.

New Sponsor/Partner

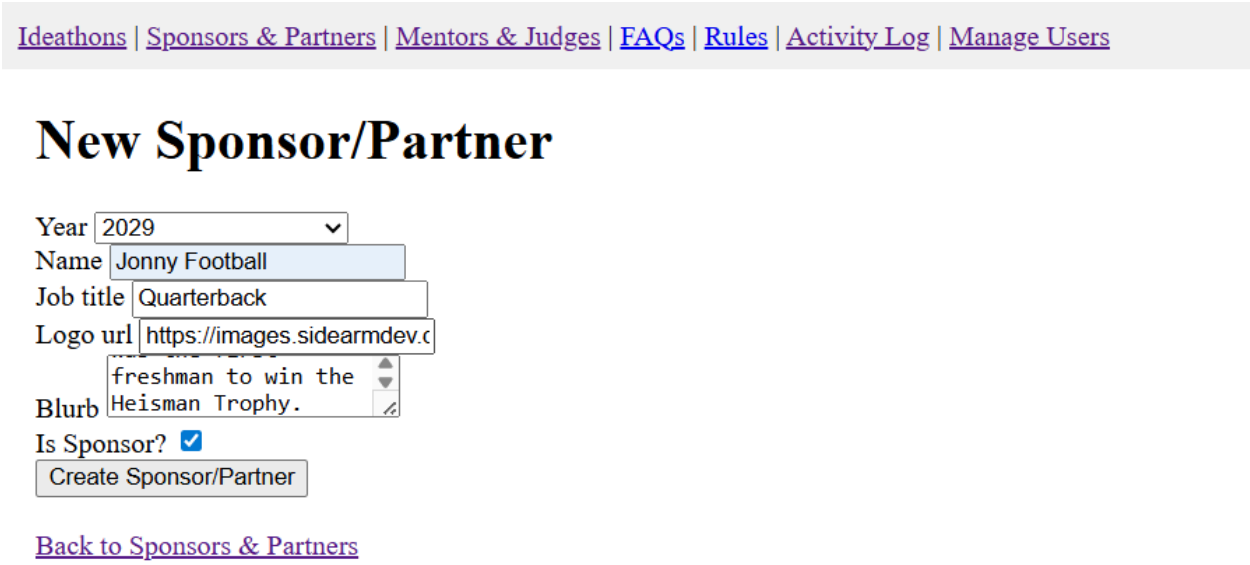
This is the key feature for creating new Sponsors and Partners. Clicking the link will give users access to text fields to add content.

Only two fields are required to add a new sponsor, “Year” and “Name”. Fields “Job title”, “Logo url”, “Blurb”, and the “Is Sponsor?” check box are optional.



Marking the “Is Sponsor?” check box will save the new content as a Sponsor. Leaving it unchecked will save the new content as a Partner. Clicking the “Create” button will add the new content to the system and users will be redirected to the Sponsor/Partner home. A message will be displayed at the top of the page confirming the successful content creation.

User Management

The User Management feature is unique only to administrators, and gives those with administrator permissions the ability to add new users and grant editing or admin privileges to other users.

Email Notifications (In testing)

In order to keep organizers informed about ongoing changes to Ideathon, our team is planning to implement a system of email notifications. Organizers will be sent notifications about all new entries, edits, and deletions, as well as any changes made to their access privileges. Administrators will also be sent emails when new users attempt to access the system.

The activity log provides users with a way to view what changes have been made to content, by who and when. The content can be filtered by type (Ideathons, Sponsors, Partners, Mentors, Judges, FAQs, Rules, and Photos) and by date. Entries in the Activity Log cannot be altered or deleted and is designed to hold organizers accountable for the changes they make to content.
